Project Team

WE ARE ON THE FRONT LINE of the struggle for justice for all people in this country. That’s why we are creating a minimum wage law for all New Yorkers. That’s why we are demanding that all workers be paid the living wage. That’s why we are organizing to make New York City the first place in the United States where workers can choose their own wages.

We are the Project Team, and we are the leaders of the movement for a minimum wage law in New York City. We are the organizers, the activists, the community organizers, the researchers, the lawyers, the thinkers, the writers, the artists, the singers, the dancers, the performers. We are the ones who know what it means to struggle for justice, and we are the ones who are fighting for it.

We are the Project Team, and we are committed to making New York City a place where everyone can live with dignity and respect. We are the ones who are building a better world, and we are the ones who are making it happen.

We are the Project Team, and we are proud to stand together as a united front. We are the ones who are making history, and we are the ones who are changing the world.

Thank you for joining us on this journey. Together, we can make New York City a place where everyone is valued and respected. Together, we can make New York City a place where everyone has a voice. Together, we can make New York City a place where everyone is free.
